

Next Board meeting:
Saturday, November 7th at noon

From the President

I would first like to thank Kevin McClintock for serving as president of the association for the past few years. Kevin is moving out of state. I have taken the responsibilities of the position of president. Volunteering to serve the community which you are a part of is both demanding and rewarding in so many ways. Kevin is a veteran of the US Army. I am a veteran of the US Navy. I know that we serve for many of the same reasons. Kevin, we wish you and your family the best.

I also want to thank Sandy Coppernoll. Sandy has been doing more than her fair share of the work for the association. We all owe you a big thank you, Sandy. I would like to ask everyone in the neighborhood to find ways you can help your community. We have positions open for vice president, and for block chair. There are committees to join as well. There are many things going on, we could always use more help. I look forward to working with each and every one of you to keep this neighborhood great.

Carlos Angeles

Updates

Spring Lake

Terry and the lake committee members have been making a lot of progress on the lake project. The lake committee has been meeting with Rebecca Olson of Olsen Ecological Solutions, LLC. Rebecca's bio is included at the end of this newsletter. Working with Rebecca, the lake committee has a proposal in hand. Phase 1 of this proposal, which includes an in-depth study of the lake quality and best next

steps to take, was recently approved by the board. Please contact Terry if you would like to help out with this project.

Haddon Park

We have 6 trees picked out which will be planted later this year in Haddon Park. We also have a plan for updating the walking path lighting. We will be looking at repairs to the tennis court soon.

Swimming Pond

It feels like the pond opening party was just a few weeks ago. It has been a great season so far. We need to thank EBR Lawncare for all of the work they do to keep the pond area and its equipment in good running order. This allows us use of the pond all season with few to no closures for maintenance or repair. Though the kids are going back to school, and Labor Day quickly coming up, we will be hoping for many more swimming weather days before having to close the pond for the season.

Communication

The paper newsletter has been the main method of communication from the board to the members of the association. The board is looking to improve communication and community involvement. Here are a few ways to communicate with the board as well as with other members in the neighborhood.

- Spring Lake Estates Facebook page
<https://www.facebook.com/SpringLakeEstatesRockfordIl>
Also available for iOS and Android smartphones
- Nextdoor App – location based message board
<https://nextdoor.com/>
Also available for iOS and Android smartphones
- Spring Lake Estates website coming soon.
